Work Experience

App developer intern @ Ubitech Solutions pvt ltd , Gwalior — Link

Mar 2025 - Apr 2025 (1 month) | Part-time

- Developed a mobile application as an App Developer Intern at Ubitech. The project focused on creating a user-friendly app with features like login/signup, real-time data updates, and notification integration.
- Designed and implemented the frontend UI, integrated APIs for backend services, resolved bugs, and optimized app performance for smooth user experience.
- User authentication (login/signup) Push notifications Responsive and intuitive UI Database connectivity for real-time updates

Skills Developed: Flutter, Dart, Firebase, UI/UX

Projects

Grofast </>

- A mobile application where users can purchase fresh groceries online with ease.
- Developed using Flutter for frontend and Firebase for backend services including authentication and database management.
- Ensures certified fresh grocery delivery directly to the user's doorstep with real-time tracking.

Skills Developed: Flutter, Firebase, Dart, Github

HRMS Intern Management App </>

- Developed a Human Resource Management System (HRMS) application for intern management to simplify attendance tracking, employee records, and leave management.
- Built the app using Flutter for frontend and GetX for state management. Used Firebase backend for real-time database, authentication, and storage. Integrated time-in/time-out system, bottom navigation, and dynamic dashboard features.
- An Employee Registration and Login system with features like attendance tracking (Time-In/Time-Out), a dashboard showing employee details and attendance status, and leave management. It utilizes Firebase Realtime Database for storing data and GetX for efficient state management, ensuring a clean and responsive UI

Skills Developed: Flutter, Dart, Firebase, UI/UX

Tagline

Passionate Flutter developer skilled in building modern, scalable mobile applications. Specializing in seamless UI/UX design, Firebase integration, and efficient state management using GetX. Committed to delivering professional and impactful digital solutions.
